#### CORNER Townhouse

- . Property to reform
- . 2 bedrooms
- . Lots of natural light
- . Charming Spanish pueblo

This property in the centre of town is bursting with natural light thanks to its corner location.

The house does require some renovation but would make a wonderful holiday home or permanent residence. You enter into the living room followed by the dining room and large kitchen. The kitchen boasts a large pantry that was once used as a bodega. There is also a bathroom on this level. From the kitchen is access to an interior patio, the perfect spot to catch the morning sun! Upstairs are two large double bedrooms.
