incredible property opportunity in Cañete Real.

The property boasts a huge plot of 32000 m<sup>2</sup>, providing ample space for various purposes. It features several bungalow style buildings, perfect for accommodating multiple residents or guests. Additionally, there is a parking space equipped with electricity and water connections for convenience.

Furthermore, the property includes a manager's home, ensuring efficient management of the premises. A canteen and convenience store are also present, catering to the needs of residents and visitors alike.

One of the notable features of this property is an old molino, where bread used to be made. This historical element adds charm and character to the surroundings.

Location-wise, the property is conveniently situated close to the main road, ensuring easy accessibility. Moreover, it boasts its own private river and forest, providing a serene and picturesque environment.

Please find attached more detailed information about the property, including images and floor plans. Should you require any further details or wish to schedule a visit, please do not hesitate to contact me.
