Beautiful house in Ardales, located a few minutes from the Town Hall, in one of the most beautiful streets of this village.

This house has 260 meters built, and distributed in living room with access to a nice terrace overlooking the mountains. In this living room you can enjoy a large fireplace. On this floor there is also the spacious and fully equipped kitchen, next to the kitchen with utility room, we have a room that can be used as a storage room, a study, or expand with this space the size of the kitchen.

Finally on this same floor is the large and complete bathroom.

Through this floor there are stairs leading down to the basement where there is a large room that can be used as a storage room, tool room and other uses. There are also two covered parking spaces.

On the first floor, there is the rest area of the house, where we also have a complete bathroom with window and shower. We find 3 bedrooms, two of which are doubles and have a nice window with views, a third interior room and has a staircase that goes up to an attic that could be used as a games room or a fourth room if you want. Amongst the other benefits of the property is its orientation which is South East providing plenty of light throughout the day.

The house is ready to move into, it does not need any renovation.
