Situated on the edge of Casares Costa Golf, these 74 apartments and 17 penthouses with 2 and 3 bedrooms, as well as ground floor apartments with gardens, offer low-density construction ensuring privacy and tranquility. The communal areas with their spacious open spaces surrounded by nature and the carefully designed interiors are intended to make the most of the sea views, providing a serene environment perfect for self-care and relaxation. In AMARANTA, light makes all the difference in the homes, which feature spacious terraces ranging from 21 m² to 104 m², or gardens on the ground floors covering up to 154 m². This ensures that the interiors are brightly lit in all rooms and offer the best views of the sea or golf course without compromising on privacy.

The architecture of AMARANTA assumes a harmonious dance between the interior and exterior. The fusion of these elements allows the clarity of the bright Mediterranean days to penetrate every corner of the home, creating a friendly and relaxing atmosphere at all times. From the inside, the large windows and open spaces invite natural light to flood the interiors, while the depth of the views means that from the comfort of your home, you can instantly and effortlessly connect with the landscape.

Every detail has been carefully considered to maximize the sense of well-being, turning every moment into a relaxing experience. Whether you want to engage in sports or simply relax and enjoy the Mediterranean sun, the two large pools in AMARANTA offer stunning views of the spacious communal areas, the golf course, and the sea, surrounded by lush gardens.

In our fully equipped indoor gym, you'll find multidisciplinary equipment and changing rooms, all designed with your well-being in mind. Additionally, we offer a gourmet room as a leisure area, equipped with all the amenities. A relaxation space to unwind with other community members.
