Its versatility and innovative style will give each space in your villa a unique touch. The client will be able to cook using their own ingredients and food, inspiring the aroma of the aromatic species that will characterize their home (Laurel, Thyme or Lavender) and making the most of the comfort of their home that has large terraces, garden areas, pool and chill out area with winter fire.

The villas have an underground garage and a large basement that can be customized to the taste and lifestyle of each family. The landscaped areas will have lawns with the installation of automatic irrigation with diffusers, as well as pre-installation of lighting in the gardens so that the client can customize it to their liking. In addition to the fabulous private pool that will have saline chlorination, areas of different depths and a space to place sunbeds to relax in the sun, in our pleasant garden we will have a beautiful chill out area with winter fire, perfect to enjoy a pleasant evening at the light of the candles.
