The development is positioned to offer each property, breathtaking views to the whole complex, capturing the golf, the mountains and, some of them also to the sea, in one unique image.

Owners will be able to enjoy a spectacular communal area of more than 3,000 m² which will boast the largest swimming pool in the entire resort, a children's pool, a covered multi-purpose structure, children's playgrounds and generous gardens where they can enjoy the sun all year round.

It offers two types of apartment buildings within the same residential complex, with different sizes and quality specifications designed to allow everyone to choose the one that suits them best.

The apartments will be flooded with natural light offering bright spaces and large terraces to enjoy the sunshine all day long, and the marvelous views to the golf courses.

The homes have a modern distribution with the "total living" concept where all the space is utilised, and with a large living room integrating the terrace via the large windows.
