New development in the upcoming Estepona region - Casares!

This beautiful complex is the ideal investment, with beautiful gardens surrounding the buildings and a communal Salt Chlorination pool.

Landscaped areas with pedestrian paths for the internal traffic through the complex. The urbanization has spaces destined to house a social club and gym for the use and enjoyment of the neighbors.

The construction will use the most advanced and high quality technologies such as simons, Panasonic aquerea...! Electric elevators with automatic doors that will connect each floor of the building with the basement where the garages and storage rooms are located.

Porcelanosa will be used all over the house to create a unique and natural environment to blend in with the nature.

All apartments come with a private garage and a storage room.

Garages and storage rooms in basements under the building level, with only one access to the same one and with underground traffic arranged to avoid circulation in the urbanization.

The project will be finished in the first quarter of 2024.

Prices start from 328.700€ and a 3 bedroom apartment starts from 499.100€
