Modern new build detached house in the centre of Fuengirola next to the beach. It is located in Calle Madrid 31, it consists of 3 bedrooms (with possibility of 5) and 3 bathrooms, patio, terrace and solarium. 185,51 m². A modern house with very good qualities such as:

- Photovoltaic cell panels with the capacity to generate 3200W.
- Heat pump heat/cold, cold/heat for the AACC.
- Aerothermics in air conditioning with great energy savings.
- Solar panels
- Water tank
- Lift with capacity for 4 persons
- Special double glazing with wider chamber
- PVC

The house has independent electricity meters allowing the possibility of readapting it to 3 flats (two flats with 1 bedroom and one flat with 2 bedrooms).

Privileged area, as it is an independent house there are no community fees.
